

# Phibrows Basic Online Course

By Master JUDY NGUYEN

VNZ International Nail & Beauty School introduces New Zealand Phibrows Master Judy Nguyen representing Phi Academy. Judy Nguyen has been in the nail and beauty industry for almost 10 years and owns multiple businesses in Wellington. She was awarded Master title for her highest skill in Microblading by the PhiAcademy in September 2017 in Belgrade - Serbia. Judy has been officially an authorised PhiSeller for all Phi Products in New Zealand since then. She is now also the master of PhiLings Microneedling Technique.

## Phi Academy

“Phi Academy creates beauty through golden intersection proportions (phi -1.618). We see the perfection in the golden intersection between two extremes. We know that you can learn everything if the material is divided into small portions that are taught separately.

Our students are taught through live or online courses and they have to pass very strict criteria and standards prior to obtaining their certificates.

With respect to the modern lifestyle, our studies are designed in such a way to save precious time and provide maximum surveillance and maximum available information at the same time. All our students are taught in special **Craft Master** application. On one hand, the application represents a base of all the pieces of information about the skill and, on the other, a platform in which the student and the master are going towards the same goal through mutual communication. Application contains a lot of tools to facilitate the work of both students and masters.

In addition to passing the skills, we try to teach our students to respect their clients. Respecting clients includes taking care of them. Taking care of clients includes using high quality products and technique” - PhiAcademy

## Master Judy Nguyen

Judy Nguyen has delivered many beautiful works on clients and has a lot of experience to share in Microblading. Her technique reaches the highest level and followed by many professionals in the field. In her class, all secrets of how to create the perfect brow shape that suits different people, how to choose the right colour to match the natural brow hairs when it healed and how to create fine and scrips strokes, will be revealed.

Please check out all the professional works in her social accounts Instagram: Fabulashbrowsnz or Facebook: Fabulashbrows-Microblading & PMU.

## Course Structure

- 6 months learning online via Craft Master App
- Free access to four online courses
- A standard kit included

The basic online training will start online through Craft Master app with the master to practise drawing shape at home. You have 6 months support by the Master, using Craft Master app, joining our Phibrows professional forum with many doctors, specialists, and other masters to help you with any question and advice. After completing 12 levels you will be certified Phibrows Artist, PhiAcademy will send you professional logo to use and certification from Europe. Being Phibrows Artist, you will be listed on our map of Phibrows Artists worldwide that your clients will come to you locally.

**Course fee:** \$3500 plus GST

**Including a kit worth NZ\$1,900**
